Tarot Elements

Five Readings to Reset Your Life

MELISSA CYNOVA

Tarot Elements shares five different readings to help you clarify your situation, unstick your life, and move forward to a better version of yourself—even if you feel like a complete mess.

Author Melissa Cynova noticed that clients often turn up for readings with extremely complicated problems. She developed the five readings described in *Tarot Elements* as a program for hitting the reset button on life. The earth reading is about home. Air is about mind, fire is about body, water is about heart, and the spirit reading is about your soul and spiritual practice. This book shows you how to use the five readings to focus on one aspect of a problem at a time and resolve the issues that are holding you back.
